

## Tecni BC Recria

Complementary compound feed for lambs and goats  
from 4 months of age until 45 to 30 days before delivery

**Nutritional Value (per ton)**

Crude Protein	17,00 %
Crude Fat	2,20 %
Crude Fiber	14,00 %
Ashes	5,80 %
Sodium	27,00 %
Calcium	0,80 %
Phosphor	0,50 %
Vitamin A	10.000.000 U.I.
Vitamin D3	2.000.000 U.I.
Vitamin E	30.000 mg
E5 Manganese	40.000 mg
E6 Zinc	50.000 mg
E2 Iodine	1.250 mg
E8 Selenium	300 mg
E3 Cobalt	500 mg

**Composition in ingredients**

Check product label.

**How to use**

Provide to lambs and goats as a complement to forage feed. Always keep clean and fresh water at the animals' disposal. Urea should only be given to animals with a functional rumen. The maximum dose of urea should be achieved progressively. The maximum urea content should only be given to animals as part of food regimes rich in readily digestible carbohydrates and reduced in soluble nitrogen. Urea should represent at most 30% of the total nitrogen in the daily ration.

**Presentation**

Flour or granulated.

**Package**

Paper bag with 30 kg net weight.

**Shelf Life**

Check product label.

**Storage conditions**

Store in the original package in a cool and dry place, away from direct sunlight.
